

# Induction Training for NEW Governors of Church Schools Derby Diocese 2018/19

---

What is the role of a governor of a church school?

What is the role of a foundation governor?

What is a church school?

How is it different from a community school?

What is the role of the Diocesan Board of Education?

How can churches and schools work together?

How are church schools inspected?

There are 110 Church Schools in Derby Diocese but what does it mean to be a Church School?

How can governors support and develop the Christian vision of education in our Church Schools?

Being a governor is an exciting challenge. In the ever changing world of education, it can be difficult for both new and experienced governors to keep abreast of their responsibilities.

This induction training is especially for foundation governors of both Voluntary Aided and Voluntary Controlled Church Schools in Derby Diocese, to explore these issues. However, this training will be useful to anyone who is a new governor of a Church School whether they are a foundation governor or not. It will be an interactive session with tea, coffee and biscuits to keep us all awake!

Please choose from the three venues and dates and return the booking form.

We look forward to meeting and working with you.

Mark Mallender

Alison Brown

CEO for DDAT

Deputy Diocesan  
Director of  
Education and  
Schools' Adviser
