## Welcome from our Independent Chair

**Hello, my name is Andy Searle and I am the Independent Chair of the Derbyshire Safeguarding Adults Board (DSAB). Welcome to Issue 14 of our newsletter.**

I am pleased to announce that for the third year running the DSAB team is holding an event for World Elder Abuse Awareness Day. The event will be held at Buxton market on 18 June 2019 from 10am-3pm. As it is also Scams Awareness Month in June, there will be lots of advice and support available around recognising and reporting scams and other types of financial abuse, as well as a wealth of information and advice on other safeguarding topics. The [P3 Charity](#) is kindly supporting our event again by bringing along their fantastic bus, and we have volunteers from a number of agencies coming to help out during the day.

In previous years we have held similar events in Ripley and Chesterfield, which proved to be great opportunities for staff from lots of different services and organisations to provide support and advice to members of the public.

We have circulated a poster to advertise the Buxton event, and additional information will be sent out in due course. I hope to see some of you there.

If you would like to be involved, or would like to provide any leaflets and resources for the stalls at the event, please get in touch with Natalie Gee via email [derbyshiresab@derbyshire.gov.uk](mailto:derbyshiresab@derbyshire.gov.uk)

To be kept informed about this event and other DSAB work, please check our website [www.derbyshiresab.org.uk](http://www.derbyshiresab.org.uk) and our [Twitter](#) and [Facebook](#) profiles.

I thank all of our DSAB partners for their continued commitment to our DSAB Vision:

***'We will all work together to enable people in Derbyshire to live a life free from fear, harm and abuse.'***

Thank you and please enjoy this edition.

## Meet our Board Members: Rob Taylor, Derbyshire Fire and Rescue Service (DFRS)

**My name is Rob Taylor and I have recently taken over as the Area Manager for Community Safety within Derbyshire Fire and Rescue Service (DFRS).**

This role provides the strategic direction for all activities to help keep our communities safe from fire and other risks.

DFRS carries out its community safety activities under two distinct strands

The first strand is **Prevention**, which involves intervention and education to keep people safe in their homes. The Service uses targeting tools to identify those most at risk across the county and allocates resources accordingly.

The second strand is **Protection**, which focusses on commercial property and ensuring this is built and maintained in line with modern guidance.

Safeguarding is a key area for DFRS, and all personnel receive training and guidance on how to identify and refer safeguarding concerns.

***Working with, and supporting partner agencies over the coming years is vitally important to our Service to ensure that we are able to deliver the best possible outcomes to those who need them most.***

## World Elder Abuse Awareness Day event 2019

**The DSAB supports World Elder Abuse Awareness Day, which is marked each year on 15 June. The purpose of the day is to raise awareness of adult abuse, how to recognise the signs and how to report it.**

Following our successful event in 2018 on the market place in Chesterfield, the DSAB and its partner agencies will be holding a similar public event on 18 June 2019 on the Market Place, Buxton Derbyshire, SK17 6ES from 10am to 3pm.

The [P3 Charity](#) has kindly donated their 'bus' for the day, which will provide a focal point for the event – so look out for it on the Market Place in Buxton.

Members of the public will be able to talk to professionals from a range of organisations and agencies about the advice and support there is available in Derbyshire for older people; we will have leaflets, resources, information and signposting for services – there will even be free chats and refreshments on offer!

***We want people to know the support that's available to them, and 'There's No Excuse For Elder Abuse'.***

We would like as many people to know about the event, so please help us spread the word by letting clients and colleagues know – a poster that can be printed and displayed in appropriate places is available from our [website](#). You can follow us on [Twitter: @DerbyshireSAB](#) and [Facebook: @DerbyshireSAB](#), so look out for our posts and share them.

**Show your support by wearing something purple on the day.**

## Most vulnerable at more risk from fraudsters

Research carried out by [Action Fraud](#) and the National Fraud Intelligence Bureau reveals those suffering from a mental health issue, an impairment of intelligence and social functioning or with a physical disability are more susceptible to certain fraud types.

The fraud types include dating fraud, advance fee fraud, abuse of trust and doorstep fraud. People aged 60 and over are also more likely to fall victim and loneliness can also make people more vulnerable to fraud. Action Fraud is working closely with its partners to understand the threat to vulnerable people and is urging people to spot the signs of scams to protect themselves.

Fraud can be reported to Action Fraud by phone: 0300 123 2040, or via their [website](#).

## Cyber Safe & Secure poster

**Question: Do you know what phishing, pharming, ISP, 2FA and cloud computing mean?**

Answer: they're all terms used to talk about cybercrime and cyber security.

Many traditional crimes are now committed online. Basically, if the behaviour is unacceptable offline, it's also unacceptable online.

If you're feeling confused about cybercrime and want to know how to keep yourself and others safe in the cyber world, head over to [Safer Derbyshire's website](#) for examples of types of cybercrimes, and to download posters for display in public spaces and workplaces.

[Get Safe Online](#) is supported by Derbyshire County Council, Derbyshire Constabulary and Derby City Council, and has lots of information and advice about how to stay safe online.

## Derby & Derbyshire NHS CCGs safeguarding conference 2019

The Derby and Derbyshire CCGs Safeguarding Adults and Children's team, using monies from NHS England, delivered a successful Safeguarding conference on 21 March 2019 at the Hayes Conference Centre, Swanwick.

There were nearly two hundred attendees mainly from health, Primary Care and other partner agencies.

There were three excellent speakers covering the following issues:

- *The personal loss of a son through radicalisation - a mother's story by Nicola Benyahia;*
- *A psychological understanding of vulnerability in all victims of abuse by Zoe Lodrick a psychotherapist;*
- *Traci Good, an E-Safety training consultant, closed the conference with her look at On Line Safety talking about gaming, live streaming and sexting including the work she does in primary schools.*

After lunch the conference looked at the currently topical subject of 'County Lines' through a piece of drama performed excellently by the Alter Ego theatre company.

All of the above gave the attendees much food for thought and the safeguarding team have been receiving messages from attendees saying:

***"Best conference ever"***

***"The speakers were brilliant and I have learnt so much"***

***"The piece of drama scared me as it was so real and has made me think about the whole issue of the victims of County Lines"***

*Nicola Benyahia talking about her losing her son through radicalisation.*

*Zoe Lodrick giving a psychological understanding of vulnerability in all victims of abuse.*

*Alter Ego performing their drama about County Lines.*

*Natalie Gee, Jill Ryalls and Wendy Holehouse representing the DSAB, and providing an information stand.*

You may already know about, or have seen, the ['I will be heard' campaign](#), which aims to raise awareness of the opportunity for people across England and Wales to speak to the Truth Project.

There are several ways in which you can actively support the 'I will be heard' campaign, including sharing social media messaging and electronic information, displaying posters or silent screens, or inviting the Project to share information at events or meetings you may be holding. The Project's [Stakeholder Engagement Toolkit](#) has more information and a wide range of materials and resources to enable active support of the campaign.

Key

messages:

- The Truth Project has been set up to hear and learn from experiences of victims and survivors of child sexual abuse. It is part of the Independent Inquiry of Child Sexual Abuse.

- Victims and survivors can share their experience in writing, over the phone, or by attending a private and confidential face to face session.
- We understand everyone is different and therefore provide victims and survivors with the option to receive emotional support prior to and during the Truth Project process, should they wish to receive it.
