

10  
people

10x10  
people

All of these  
make 10 x  
100 people =  
1000

How many of  
these sheets will  
you need to  
make 5000?

What did you  
think about the  
boy who  
brought his  
lunch to Jesus  
to feed all  
these people?
